FOR MYSORE STATE

Public Works (1954) Department.

SERIES.

G.O. No. 1412

1412

Dated 21st April, 1954.

[Despatch Abstract.]

ESTABLISHMENT - Temporary - Malampuzha Project - Public Work Department Staff and Medical Staff - Continued.

PUBLIC WORKS DEPARTMENT.
From Sri
N.Padmanabha Ayyar, B.A.,B.E.,
M.I.E. (Ind), I.S.E.,
Chief Engineer (General &
Buildings),
Chepauk, Madras-5.

To
The Secretary to Government,
Public Works Department,
Madras.

No. 58/50 G-47 dated 17th March 1954.

Sir,

Sub:- Establishment - Temporary - Malampuzha Project Public Works Department and medical staff - continuance beyond 30.4.54 - Sanction - requested.

Ref:- G.O. Ms. No. 1765 P.W.D. dated 22.4.53.

I enclose a statement showing the Public Work Department and Medical staff sanctioned for the execution of the Malampuzha Project (Column 3 of the statement) and the number of posts proposed to be continued beyond 30.4.1954 A.N. (Column 6 of the statement). The existing sanction accorded in G.O. Ms. Nos. 1765 P.W. dated 22.4.53 and 2358 P.W. dated 1.6.53 will expire on 30.4.1954 A.N. only.

2.1. In respect of the Malampuzha Headworks Division it is reported that about 85% of the total works on the dam has been completed and that the balance is expected to be completed in 1954-55. The following items still remain to be completed:

i) Final touchings on masonry dam PQ BX I and RS.
ii) Completing masonry works of dam A.B.
iii) Erection of spillway shutters, sluice shutters, etc.
iv) Providing hoisting and lifting arrangements over masonry dam A.B.
v) Completing earthdam XI, YI and other miscellaneous works.

The dam was originally programmed to be completed by the end of 30.4.1953 but due to the reduction of grant in 1952, the completion has been put off by nearly two years. The total expenditure on the works to the end of 31.3.54 is expected to be 168.3 lakhs.

2.2. As regards the Malampuzha Canals Division, 80% of the works and 54% of the land acquisition will be completed by the end of March 1954, giving a gross percentage of 70% of progress leaving a balance of 30% for completion in 1954-55 or in 1955-56, in case the land acquisition work is not completed in 1954-55. The total outlay to the end of 31.3.1954 is expected to be 141 lakhs.

The Superintending Engineer, Coimbatore Circle and the General Superintendent, Public Works Workshops have recommended the continuance of the staff engaged respectively under their control.

3. In the circumstances explained, I request that sanction of Government may be obtained for the continuance of the staff mentioned in column 6 of the statement for a further period of one year from 1.5.54.

4. I also request that sanction of Government may be obtained for the continuance of the concessions and amenities sanctioned in G.O. Ms. No. 587 P.W.D. dated 20.2.1948 to such of the staff as are stationed at the Malampuzha Dam site.

5. The continuance of the health staff sanctioned for the Malampuzha Project in G.O. Ms. No. 1626 P.W. dated 14.4.53 is under consideration and will be recommended to Government for sanction separately.

6. I request the favour of very early orders of Government.

Encl: 1 Statement.

for Chief Engineer (General).

Statement showing the P.W.D. and Medical staff sanctioned for the Malampuzha Project and Proposed to be continued beyond 30-4-1954.

P.W.D.(R-2

Sub: Establishment - Temporary - P.W.D. - Malampuzha Project - Continuance.

Ref: From the C.E., P.W.D.(Gl. & Bldg), No.58/5 47, dated 17-3-54.

The C.E. has proposed the continua during 54-55 of P.W.D.& Medical staff sanctione the Malampuzha Project. The statement on p.3 gives the details of the staff sanctioned and proposed for continuance.

2. From para 2 on p.1 c.f., it is see that 85% of the works on the dam has been compl and the balance is expected to be completed in 1954-55. There is a reduction in the number of A.Es. and Engineers, draftsmen,I Gr., L.D.Cs. & peons etc proposed for continuance along with other staff. This may be accepted.

3. As regards the staff under the Cana D, the entire staff has been proposed for co nuance whereas para.3 on p.1 c.f. shows that 75 progress has been made, leaving the balance to completed in 1954-55 or 55-56. It is for cons deration whether there C. E. may be asked to di band the staff progressively as and when the wo gets reduced.

4. With the amount of progress both i the Headworks and Canals D, as indicated in paras 2 & 3 on p.1 c.f., the need for continuing 2 draftsmen & 2 U.D.Cs. in the S.E's. Office is not clear. Perhaps one Draftsman II Grade and one U.D.C. would be enough beyond 1-5-54. For orders xx whether 'A' above may be done and ~~the~~ ~~are asked~~ be left to the CE. to justify the necessity for additio

stuff, if necessary, with relevant statistics. Similarly for the C.E's. office, the need for continuing the draftsman is not clear and it may be discontinued.

5. Subject to orders on paras 2-4 above, a draft order is submitted. It may be sent to Fin. for acceptance. (The existing sanction is upto 30.4.54)

may be continued for six months.
